Jun 2023 – Jul 2026

Neyveli, Cuddalore

Govt Hr Sec School

HSC - Percentage - 65%

Jun 2022 – Apr 2023

Panruti, Cuddalore

INTERNSHIP

Guha Industrial Solutions

Frontend Developer

May 2025

Neyveli, Cuddalore

- I Completed 15-day internship focused on front end web development.
- Learned and practiced core concepts of web-developments.
- Built basic responsive web pages and forms during training.
- Improved skills in creating clean layouts and adding interactivity to websites.

PROJECTS

Library Management Website

Oct 2025 - Nov 2025

- a full-stack web app where students can browse and search college books.
- It has a search bar with three filters and displays books as cards with cover images.
- Admins log in and can add or delete books, which saves directly to a MySQL database.
- The backend is a custom REST API written in PHP using PDO for security.
- This Web-application is hosted locally using **Laragon** as the development server.
- **Tech Stack :** HTML5, CSS3, Bootstrap 5, JavaScript ES6, MySQL, and PHP(PDO).

Restaurant Billing Web Application

Jul 2026

- Designed and developed a responsive multi-page restaurant web app that lets customers browse Breakfast, Lunch, and Dinner menus, enter item quantities, and instantly calculate their total bill.
- Added a downloadable receipt feature that generates a unique bill number and timestamped text files.
- Featuring dynamic pricing, form validation, and mobile-friendly layouts.
- **Tech Stack :** HTML5, CSS3, Bootstrap 5, and vanilla JavaScript.

CERTIFICATIONS

- **Python for Beginners** - SimpliLearn.
- **Communication Skills** - TCSiON.
